

Dear Patients,

## Online COVID-19 vaccine bookings via our patient portal for Marina Medical Patients

**For patients and household members that are not already booked for, or have not had, a COVID-19 vaccine**

We have opened up additional COVID-19 vaccine appointments at our **Highland Park Medical** vaccine clinic for **next week**. These are available for you to **book via our portal on line**.

**For those registered on our patient portal:**

1. Log into the myindici portal on your device or [myindici.co.nz](http://myindici.co.nz)
2. Click on **Appointments**
3. Choose **Book with : Nurse**
4. Choose **COVID 19 Vaccine Clinic B or A** from the dropdown menu, **check both clinics. ( note - check COVID 19 Vaccine Clinic B first re appointments for next week)**
5. Select a **Day or Next Available Day**
6. Click on **appointment time** and confirm your choice
7. PLEASE make a note in the **Reason** area to tell us that this is your **first or second vaccine**.
8. If this is your **first COVID-19 vaccine**, you can book your second COVID-19 vaccine, due in 6 weeks time, by going forward 6 weeks in the calendar and booking **another COVID-19 Vaccine Clinic** appointment. Check **BOTH** COVID-19 Vaccine Clinics - note predominantly A clinic for bookings 6 weeks ahead.
9. **PLEASE ONE person per appointment time.**

**If you would like to register on our portal - email [portalregistration@marinamedical.co.nz](mailto:portalregistration@marinamedical.co.nz)**

You can also phone us at Marina Medical on **09-534-5414** and book in your and your household's COVID-19 vaccines for **all people 12 and older**. We will continue to open up more online appointments as we are able.

## Doctor update at Marina Medical

Dr Richard Yu has increased his work commitments outside of the greater Eastern area, which means he unfortunately won't be available to provide the medical care for a group of patients here at Marina Medical. Dr Yu farewelled us this month. We would like to thank Richard for his time with us and wish him and his family all the best for their new endeavours. We will miss you.

The team of Doctors and Nurses at Marina Medical will be here to continue to provide your dedicated primary medical care.

- Dr Davao Mariner is available 8 sessions a week including Tuesday evenings. ( No Tuesday evenings during level 4)
- Dr Kirsty Jenner has expanded her sessions to 6 sessions a week.
- Dr Joyce Zhang continues to be available 5 sessions a week.
- Dr Pei Yeong has extended her hours on each of her 4 days.
- Nurse Practitioner Jocelyn Meynell runs sessions each week with us.

Please join with us in welcoming Dr Oumer to the team at Marina Medical. Dr Oumer joins us from Starship and Auckland Hospital. He has extensive experience including Senior Medical and Surgical roles in NZ and England. He is a father of 5 and enjoys hiking and enjoying the outdoors with his family. He will be joining us at Marina Medical in September and will be available 5 days a week and Tuesday evenings. With his extensive surgical experience, Dr Oumer will be running surgical clinics for smaller surgical procedures for skin lesions and alike. Please join us in welcoming Dr Oumer and thank you Dr Oumer for choosing Marina Medical over the other clinics that also wanted you!
