

Patient Portal

If you are already registered for the portal click on the button below.

Portal Login

Access to the Patient Portal is free

The portal gives you access to

- appointment booking,
- easy messaging with the clinic,
- ability to request prescriptions,
- check your results,
- see what immunisations are on record and what you might need,
- any recalls in place for health screening
- and much more.

You can access the portal by your web browser or on a free app on your iOS or Android device (see below).

How to Register for the Portal

If you know your NHI and are already enrolled with us you can register on the portal via the following link

Online Sign up for Portal

Or contact the team to register on the portal by filling the form below
